

How to apply? Simply follow the below 4 steps!

- 1. Complete your application at www.mckinsey.com/cems
 - CV should include detailed academic performance, role description of summer jobs and internships, and information on involvement in extracurricular activities
 - Cover letter please include a subject line referring to "CEMS International Internship"
 - Transcripts from university/high school including grades, if applicable please also attach certificates/reference letters from internships
- 2. When asked for most recent school in the application, please make sure to select your university mentioning **CEMS programme**
- 3. Select your offices of long-term interest
 - Office of long-term interest refers to the location where you would like to stay
 on a long-term basis if you receive an offer after your internship. This should be
 the location where you have a strong link to (e.g., language fluency, experience,
 education)
 - The following countries are participating in the programme: Belgium, Croatia, Czech Republic, Denmark, France, Germany, Hungary, Italy, Luxembourg, Poland, Portugal, Romania, Russia, Spain, Sweden and Ukraine
 - Once you have been selected for interviews, we will discuss the international placement location
- 4. Submit your application online until January 19, 2015.

CEMS International Internship

Giovanni Tassini Bocconi University

McKinsey office Milan, internship location Istanbul

"The CEMS International Internship is a great chance to begin a career at McKinsey. Since day one I have been actively involved in client work, receiving a great deal of mentoring as well as significant responsibilities. On top of that, working abroad with international clients on my very first assignment has proved an incredible learning opportunity and it truly made me feel part of one global Firm."

Meet top global players face-to-face. Team up with exceptional people and learn from them.

McKinsey's CEMS International Internship gives you the chance to test your capabilities and knowledge.

Your contribution will generate real impact.

Please submit your application until January 19, 2015 via: www.mckinsey.com/cems

Bernardo Betley

Nova University McKinsey office Lisbon, internship location Dubai

"My international internship at McKinsey & Company took me all the way to sunny Dubai where several challenges of a fast paced consulting engagement but also culture, language and religious barriers provided a truly steep learning curve. What most attracts me about working at McKinsey & Company is the people, very friendly and accessible, and the impact delivered to clients, helping them shape the future of our lives.
